

CLIFTON

Land Economy Tutor

Education

University of Cambridge, St John's College **Cambridge, United Kingdom**
BA (Hons) Land Economy — Economics, Law, Environment Oct 2014 – Jun 2017

Anglo-Chinese School (Independent) **Singapore**
International Baccalaureate: 44/45 Points (including Higher Level Maths and Economics)
Integrated Programme: 43/45 Points (including Core and Advanced Maths)

Tuition Experience

I graduated from the University of Cambridge in 2017 having studied Land Economy. I have provided coaching services for students for Oxford and Cambridge University admissions. I can provide specialist advice for those interested in applying to the Land Economy course at Cambridge.

I have also taught Maths, English, Economics, Chemistry, and Physics. I have tutored students across primary, secondary, and undergraduate levels in both Singapore and the UK, working with them to create a customised approach to achieve their goals

As a current professional in Investments and Finance, I have working knowledge of private investment asset classes and can coach someone looking to gain an introduction to the industry. I can also provide job coaching advice for those looking to work in real estate private equity and general portfolio management in London and Singapore.

Teaching Reviews

Superb Tutor! - Caroline C

Clifton was helpful and informative during the coaching sessions. His suggestions and insightful comments were helpful during the drafting of my personal statements and university application. I could not be more happy to have had Clifton's help.

Subject: Cambridge University Admissions

Outcome: Got accepted to read Psychology and Behavioural Sciences.

Knowledgeable and engaging tutor for GCSE Math and Science - Sheng Shi C

Clifton is a dedicated tutor that knows how to encourage and motivate my child to do well in his Math and Science. He is also able to answer any of my child's queries, and is always keen to do more.

Subject: Science

Outcome: A more motivated child with better grades

Very organised, patient, and proactive tutor who delivers beyond expectations - Shil G

I appointed Clifton as my tutor for IB Mathematics HL as well as Chemistry HL for 4 months during my senior year in school. This was on the basis of my peers' recommendations due to his previous good track record with these subjects among several others. I was scoring 4-5 points regularly on our internal exams but needed to get at least 6 points in each of these subjects in order to strengthen my university applications for engineering courses.

The materials he prepared for the tutoring sessions were well-chosen and he always had a plan in mind for each session so that I genuinely felt that I had made progress each time. He was also able to understand the reasons behind some of my misconceptions and did his best to work on them. He also went above and beyond tutoring for those subjects by also offering me applications advice distilled from the experience of many of his peers who had secured offers from reputed universities including Oxbridge.

I would really recommend Clifton to any students who are receptive to receiving holistic guidance and advice in addition to academic tutoring as they will find him to be a tremendous help.

Subject: Maths and Science

Outcome: Helped me improve my IB HL Maths and Chemistry grades from a 5 to a 7 in the final exams and his advice helped me secure good university offers.

Excellent tutor - Flavia D

My son was delighted with his session with Clifton. He seemed to really enjoy the lesson and the teaching method.

Thank you

Subject: Chemistry (GCSE)

Outcome: Understanding improved
